

# BASIC INTERNSHIP-CLEVERED

APP USER MANUAL

AUTHOR-VIGHNESH CHAUDHURI

# CONTENTS

**1. SELF INTRODUCTION**

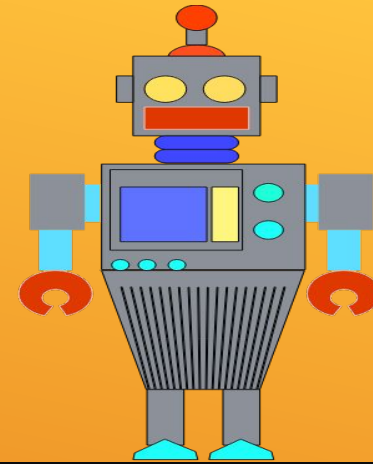

**2. INTERNSHIP JOURNEY WITH BADGES**

**3. APP INTRODUCTION AND MAIN MENU**

**4. HOW TO USE THE APP**

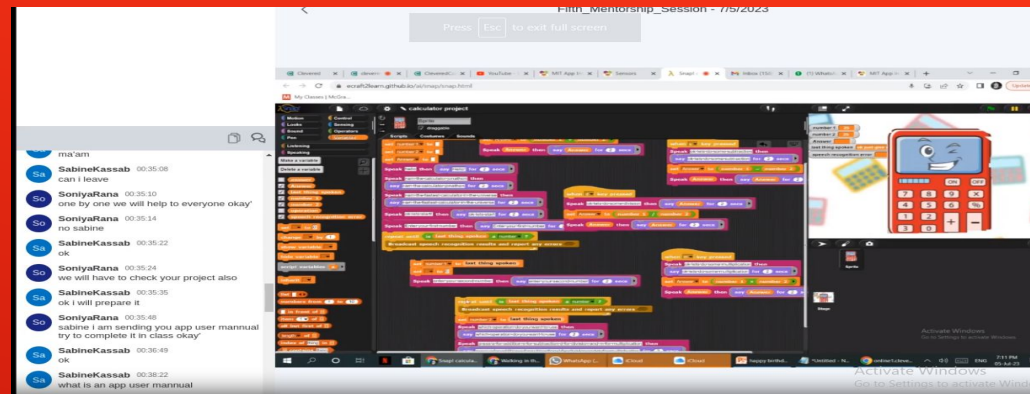

**5. CONTACT PERSON**

**6. ACKNOWLEDGEMENT**

**My name is Vighnesh Chaudhuri. I am 10 years old. I study in Indus Valley World School. My hobbies are playing violin, playing chess, coding, numismatics, reading books.**

□ The Internship with Clevered has helped me immensely to acquire the desired skill to use speech recognition, image recognition, speech synthesis as and when required. It has also given me an opportunity to explore the stepping stone to Artificial Intelligence which might be a tiny leap towards a greater future .

□ I have earned a rockstar badge for teamwork and a rockstar badge for timely submission of home assignments

## APP MAIN MENU

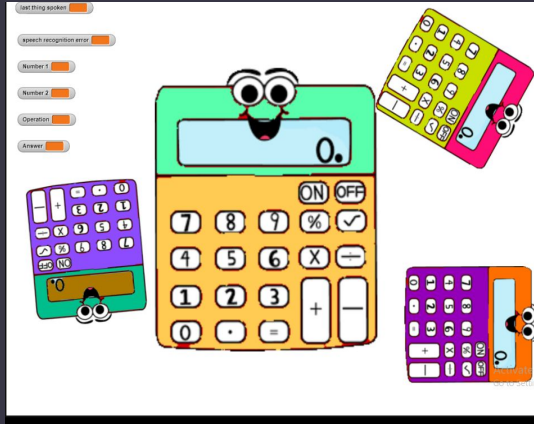

1. A CALCULATOR
2. SPEECH RECOGNITION
3. SPEECH SYNTHESIS
4. NUMBERS BOXES
5. OPERATION BOX
6. ANSWER BOX

## APP INTRODUCTION

The app begins with a short story. The calculator first starts with its introduction. Next, the user tells the first number and then the second number. It also asks which operation the user would like to use. The numbers entered, are performed with the operation entered and at last tells the user the final answer.

**HOW DOES THE USER USE  
THE APP?**

## STEPS OF USING THE APP

The user tells the first number and then the second number. It also asks which operation the user would like to use. The numbers entered, are performed with the operation entered and at last tells the user the final answer.

## RISKS WHILE USING THE OPTIONS

The output of some numbers did not come out correct. Some numbers for example; instead of the number 3, it took free. This way, numbers like 1,2,4,6,7,8,9 were not correctly entered. Later, the wrongly entered numbers were entered correctly.

# CONTACT PERSON

You may reach out to me at [asmitam.2009@gmail.com](mailto:asmitam.2009@gmail.com) if you have any questions, concerns or suggestions about my app:  
**'THE INTERACTIVE CALCULATOR USING SPEECH SYNTHESIS AND SPEECH RECOGNITION'.**

# ACKNOWLEDGEMENTS

I would like to extend my sincere gratitude to my skilled mentors, Ms. Soniya Rana, Ms. Mani Malhotra and Ms. Smita Bansal for their expertise, enthusiasm, as reflective listeners, patient and being ever helpful and great motivators at every bend.

I would also like to thank the most learned, Dr. Ken Kahn for giving me this priceless opportunity to make my presentation.

It would be incomplete without recognizing the value added contribution to all the fellow students who in some way or the other has helped me sail through this journey by teaching me the importance of cooperation, team spirit and empathy.

Last but not the least, I would like to thank my parents without whose support I could never enter this world of AI. Above all, I thank the Almighty for showering the choicest blessings upon me to be associated with Clevered.

***THANK YOU  
ALL!***
